COURSE NAME Covid-19 Personal Protective Equipment LENGTH 20 mins

COST see web site rsmac.ca LANGUAGE English/French VOICEOVER Yes

DESCRIPTION

Workplaces can contribute to the transmission of respiratory pathogens, such as the virus that causes COVID-19. It is important for these settings to implement appropriate measures to prevent and reduce the spread of COVID-19 amongst employees, contractors, and clients.

Personal Protective Equipment (PPE) is one of the controls that will be used to protect employees against COVID-19. PPE will be used in conjunction with other workplace controls as recommended by Public Health and the World Health Organization (WHO).

ASSESSMENT

Testing conducted throughout this course is designed to reinforce the information presented. A mark of 80% must be achieved in order to receive a certificate of completion. Participants are able to repeat the course if the pass mark is not achieved.

Discounted pricing starts at 3 or more courses. Pricing available for individuals or companies. Contact RSMac Consulting Inc's Learning Centre team directly at training@rsmac.ca for a quote on volume discounts and discuss our Learning Management System for companies.
